

To Whom It May Concern:

This is a letter of recommendation for Jamie Meadows and her company, J.L. Haneke Financial Services in Edwards, Colorado. We have worked with Jamie for the last 7 years. She has provided us with our group health insurance benefits.

It is very challenging as a small business to find affordable insurance, and Jamie goes to 'bat' every year to find us the best plan available. She spends countless hours to get the right 'fit' for our business.

Jamie and her staff are very professional in all of our dealings with them. They encourage all employees to call with any of their needs or concerns regarding their health insurance. Her staff is very efficient and thorough with any and all requests of their time and expertise.

I would not hesitate to recommend J.L. Haneke Financial for any of your insurance needs.

Sincerely,

A handwritten signature in black ink that reads "Cathy Roach". The signature is written in a cursive style with a large, looping 'C' and a long, sweeping tail on the 'h'.
