Do you provide group health insurance to employees? Have you terminated any employees since September 1, 2008? If the answer to those two questions is yes, then this is a must-attend meeting for you.

Jennifer Law of HR Link will be providing attendees with everything they need to know about the American Recovery & Reinvestment Act with regard to the new COBRA/Colorado State Continuation subsidy rules. This will cover what you need to do, what you'll have to pay, and more.

Due to the anticipated attendance at this meeting, we need to request that you RSVP to csr@jlhaneke.com or call our office to secure your spot no later than 3/16/09.
